Dr. Helen MacMurchy,

133 Bloor Street East,

Toronto.

Dear Dr. MacMurchy:

Dr. Franklin Johnson has told me that you find it impossible to continue your work on the staff of the Social Service Department of the University for the next winter. He has, I believe, expressed to you his regret, and may I at the same time thank you for the work that you did during this past winter?

Yours sincerely,

President.
